

Corrections

Correction in the article by de Juan Bagudá et al. “Repetitive ambulatory levosimendan as a bridge to heart transplantation”, Rev Esp Cardiol. 2024;77:290-301

Corrección en el artículo de de Juan Bagudá et al. «Levosimendán ambulatorio repetitivo como puente al trasplante cardiaco», Rev Esp Cardiol. 2024;77:290-301

In the article by de Juan Bagudá et al. entitled “Repetitive ambulatory levosimendan as a bridge to heart transplantation” (*Rev Esp Cardiol.* 2024;77:290-301), the authors report an error affecting **figure 4** and **figure 7** of the article, only in the Spanish version.

In **figure 4** of the Spanish-language version of the article, the text under the line “Control” should have been “Levosimendán” and the 95%CI should have been 0,36-2,97.

The correct Spanish version of **figure 4** is:

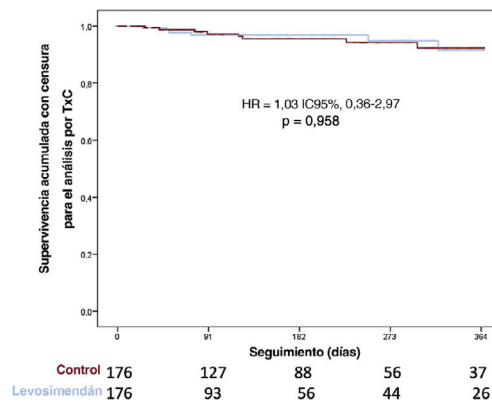

Figura 4. Curvas de supervivencia a 1 año estando en lista de espera para TxC, ajustadas según el emparejamiento por puntuación de propensión. HR: hazard ratio; IC95%: intervalo de confianza del 95%; TxC: trasplante cardiaco.

This change also affects **figure 7** in the Spanish-language version of the article. The correct **figure 7** is:

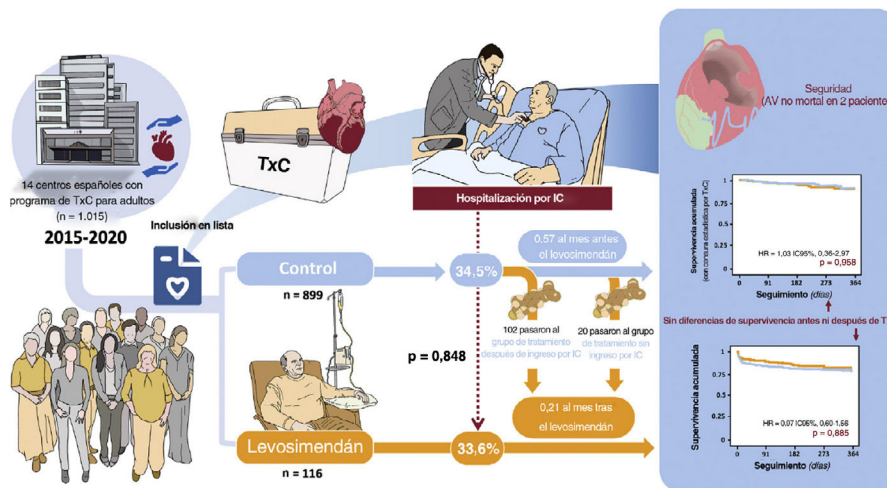

Figura 7. Figura central. Levosimendán ambulatorio repetitivo como puente al trasplante cardiaco. AV: arritmia ventricular; HR: hazard ratio; IC95%: intervalo de confianza del 95%; TxC: trasplante cardiaco.

These errors were corrected in the electronic version of the article on May 7, 2024.
